**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need broadband access by local providers. They are cost effective and excel in customer service which enhances all forms of internet availability, ie television, webinars, wifi for all types of iphone use, use of security devices for business and home and emergency access.
Affordable access to internet has become a life necessity in our world.
